MESSAGE

Manila, the capital city of the Philippines, stands as a testament to resilience and fortitude. It has faced its share of adversities over the years. From natural disasters to the unprecedented challenges brought about by COVID-19 pandemic, the city has been tested time and again. Despite these challenges, Manila remains a beacon of strength. This spirit lives on in JCI's Senate Manila chapter and the rest of our movement.

In our present day, as we grapple with different economic woes, as well as the lingering effects of the pandemic, I continue to draw strength from the values and aspirations imparted to me by JCI. I have always said that I will forever take pride that I am a member of this movement because much of what I know about leadership, I learned from JCI.

JCI Senate Manila's commitment to unlocking possibilities demonstrates the transformative power of innovative thinking and inclusive leadership. Your role in leaving a lasting impact on our community is truly commendable.

With your new leadership, I am confident that JCI Senate Manila will be able to reach new heights in its tradition of volunteerism and service. MESSAGE

To the new **Board of Directors** of the **Junior Chamber International (JCI) Senate Manila** who are visionaries of change and leaders of tomorrow, my heartfelt congratulations on your induction this February 20, 2024 in Makati City!

The role of a leader is indeed a unique endeavor. A leader seeks to prepare his people for the future by having an understanding of their past, all while trying to affect the foundations of progress in the present. Leadership does not merely materialize by being reactive to what his constituents need, but through a careful conceptualization of a long-lasting plan that responsively addresses society's current exigencies while anticipating inevitable change.

This is why the JCI Senate's 2024 theme of "**Unlocking Possibilities**" perfectly encapsulates the essence of leadership – the generation of innovative ideas that open doors to opportunities and preparedness for challenges.

In support of this is the DILG's targeted organizational outcome in our *DILG Strategic Plan 2023-2028* of enabling inclusive communities. The Department champions the promotion of the well-being of all Filipinos, regardless of age, gender, religion, or other kinds of marginalization and vulnerability, by providing equitable access and opportunities and removing discriminatory barriers. As such, it will craft policies and implement initiatives that will assure inclusion in governance and encourage everyone to contribute to the overall welfare of the people.

As the Department pursues alliance-driven, people-centric, and future-ready governance, I am heartened and assured that there are reliable partners like the JCI Senate Manila.

I hope that your newly inducted Board of Directors continues to bring together outstanding Manila Jaycees from various business sectors to trailblaze positive change and your shared values of helping and empowering local communities.

I wish the newly inducted Board of Directors a successful tenure, filled with meaningful accomplishments and transformative initiatives! Gawa, higit sa salita!

Mabuhay ang ating bayanihan para sa Bagong Pilipinas kung saan ang bawat pamilyang Pilipino'y namumuhay ng matatag, maginhawa at panatag!

MESSAGE FROM THE 2024 National President JCI Philippines

One of the 33 key programs for the year 2024 is to increase the investiture of JCI Senators around the globe.

World President Kaveen highlighted the need to grant 2024 senatorships, with each local organization nominating at least one Senator. In support of this initiative, we encouraged local organizations to implement following the guidelines set forth.

This is a manifestation to the people who stood beside and taught us to be where we are now. Our forefathers, our Senators. As the saying goes, we continue the legacy, we continue the good and best practices our forefathers handed down to us, with weaknesses and lapses, as our term runs its way, we turn these weaknesses to our multiple strength that we can utilize in order to maximize and manifest significant development to one's self and the community itself.

To the **2024 JCI Senate Manila President, Senator Kerby G. Chua and Board of Directors**, my utmost and profound greetings of congratulations to your one year to lead stint. Indeed, as we traverse a year filled with colorful intramurals of skillsets and plans, may we never fail to initiate new and sustainable ideas as we gear ourselves to a long leadership journey ahead of us.

Let our Senators, who have proven their loyalty and service to our organization continue to inspire and guide us to be better. Across time, they were able to be exposed and instill to their system the art of being an active citizen, hence, learning from a learned and experience-wise is our gateway to deeply and innately understand what we have been preaching and practicing for more than a century. Apart from being a lifetime member, they are the emblem of our pillars, the circle where we as JCI members would want to be part of, and to be in a roster of visionary and significant leaders of the world.

Lastly, as we aim to Lead to Serve this 2024 in JCI Philippines, we are bounded to our senators' best practices and best advises that we surely will treasure towards the pursuit of making difference.

Once again, congratulations, JCI Senate Manila.

Yours,

Atty. Mark Peter "Mac" M. Quilaneta

LEGACY UNLEASHED

JCI Senate Manila's 45 Years
of Transformation, Tradition, and Triumph

by JCI Senator REGINALD T. YU
2011-2012 President, JCI Senate Manila

In the intricate tapestry of society, woven with threads of philanthropy and leadership, JCI Senate Manila stands as an enduring masterpiece, embodying the essence of community service and leadership development. For over four decades, this venerable organization has not only shaped community leaders but has been a catalyst for transformative change, steering its course from the shores of fraternalism to the vast ocean of service.

JCI Senate Manila's genesis was rooted in fellowship, designed to fortify the bonds among like-minded leaders trained in the principles of the Junior Chamber. However, this fellowship soon metamorphosed into a formidable force for positive change, reshaping community traditions and leaving an indelible mark on the landscape of service.

In the age we inhabit, leadership is hailed as the universal solution to myriad challenges. History, vast and often convoluted, rarely questions the confidence vested in leadership as the ultimate panacea for organizational and social complexities. Within this historical continuum, Junior Chamber International (JCI) Senate Manila emerges as a beacon of extraordinary leadership, drawing inspiration from the pages of the country's premier leadership development organization.

Undoubtedly, JCI Senate Manila stands as the Philippines' most active JCI Senate organization. While fostering camaraderie among its esteemed members remains a primary objective, the organization has transcended its initial purpose, becoming a dynamic force in community circles. Its socio-development projects have not only garnered accolades but have marked it as the most-awarded JCI Senate chapter in the Philippines.

THE GENESIS OF FELLOWSHIP

The illustrious journey of the most distinguished JCI Senate establishment in the Philippines commenced with a simple gathering of old JCI friends. On September 2, 1979, JCI Senator **Amelito R. Mutuc** orchestrated a dinner meeting at his Forbes Park residence, laying the foundation for what would be known as the Manila Jaycees Senate. This gathering of luminaries, including past National Presidents and Manila Jaycee (JCI Manila) Presidents, envisioned an organization united in purpose and dedicated to the welfare of Manila.

To be a JCI Senator is to hold a badge of honor, signifying outstanding contributions to the Jaycee movement, whether on local, national, or international levels. It is a distinction for life, revered worldwide, and commands respect — a testament to one's commitment to service and excellence.

The early years witnessed a succession of leaders who left an indelible mark on the Manila Jaycee Senate. From Mayor **Ramon D. Bagatsing's** foundational presidency to the dynamic initiatives led by JCI Senator **Reynaldo S. Guevara** and the esteemed testimonial dinner for Prime Minister **Cesar Enrique A. Virata**, the organization flourished. The "golden year" of 1982 saw Manila Jaycee

LEGACY UNLEASHED: JCI SENATE

Senate claim the titles of the Most Outstanding Senate Chapter and Most Outstanding Senate President of the Philippines.

THE TORCHBEARERS OF LEADERSHIP

In the embryonic stage of JCI Senate Manila, President **Ramon D. Bagatsing** emerged as a trailblazer, steering the ship with a visionary zeal that laid the groundwork for the chapter's legacy. His inaugural endeavor, the publication of "The Manila Jaycee Senate Today," marked a triumphant initiation, securing the prestigious "Most Outstanding Senate Chapter Publication Golden Award" from the Philippine Jaycee Senate within its first year of existence.

The pages of this distinguished newsletter became a canvas where the vibrant hues of Senate activities, accomplishments, and aspirations were painted, earning accolades that resonated beyond the confines of its inception. President Bagatsing's foresight in establishing a communicative bridge not only symbolized an organizational triumph but also cemented the Senate's commitment to transparency and the dissemination of valuable information.

Yet, the trajectory of leadership encountered an unexpected shift. Despite the grandeur of its initiation,

the vigor that fueled President Bagatsing's board dwindled, casting shadows on the nascent chapter's aspirations. The intricate dance of administrative intricacies and mayoral responsibilities compelled President Bagatsing to relinquish his position merely two months into his tenure. In the tapestry of leadership transitions, President Bagatsing gracefully passed the baton to his executive vice-president, the astute management consultant and JCI Senator **Salvador V. Del Rosario**, in October of 1979.

As President Del Rosario assumed the helm during this period of transition, he inherited the responsibility of sustaining the momentum built by his predecessor. His tenure became a bridge between the chapters of JCI Senate Manila's evolving saga. The vibrant ties with seasoned senators, as well as those who had slipped through the cracks of the Manila Jaycee Secretariat's contact list, were diligently nurtured under his transient administration.

The pages of this chapter's history illuminate President Del Rosario's commitment to continuity and connection. His leadership acted as a stabilizing force, ensuring that the fledgling Senate maintained its relationships, not just with the present, but also with the echoes of its past. This period of transition underscored the resilience of JCI Senate Manila, proving that leadership is not just about the heights reached but also about the transitions navigated with grace.

THE EIGHTIES: REVITALIZING MEMBERSHIP

In the early 1980s, the helm of JCI Senate Manila was seized by the visionary construction entrepreneur, JCI Senator **Reynaldo S. Guevara**. His presidency, spanning from 1980 to 1981, marked a transformative phase for the organization. Seeking to weave the fabric of camaraderie, President Guevara instituted the first regular General Membership Meetings at the prestigious Manila Golf and Country Club. The last Friday of every month became a rendezvous for Senate members, providing a platform for discussions, idea exchange, and the strengthening of the Senate's collective spirit. As an avid golfer himself, President Guevara took the camaraderie to the golf course, instituting a monthly Manila Jaycee Senate Golf Tournament, uniting the members in their shared passion for the sport.

The mantle of leadership was then passed to the capable hands of former Ambassador to the United States, **Atty. Amelito R. Mutuc**, who helmed the organization from 1981 to 1982. Under his dynamic leadership, the Manila Jaycee Senate elevated its presence in the community. The Senators' Kapihan, a groundbreaking initiative, became a regular occurrence every first, second, and

third Friday of the month. This platform facilitated intimate conversations between Senate members and government officials, delving into the intricacies of pressing national issues. Further, the board instituted the Socio-Economic Affairs meeting every Monday noon, creating a forum for in-depth discussions on a spectrum of topics vital to national interest.

One of the pinnacle achievements during President Mutuc's term was the grand testimonial dinner held in honor of Prime Minister and Manila Jaycee Senator **Cesar Enrique A. Virata** on March 16, 1982, at the prestigious Hotel Intercontinental Manila. Attended by over 1,000 JCI Senators and distinguished guests, including government officials who were Manila Jaycee Senators, this event underscored the Senate's ability to orchestrate grand-scale gatherings that left an indelible mark on the community.

1982 emerged as the "golden year" for the Manila Jaycee Senate, a testament to the collective efforts under President Mutuc's stewardship. The chapter garnered its first national awards as the "Most Outstanding Senate Chapter of the Philippines" and bestowed the title of the "Most Outstanding Senate President of the Philippines" upon President Mutuc, recognized by the Philippine Jaycee Senate in 1983. This period not only marked an apex in the chapter's history but also laid the foundation

During the pivotal years spanning from 1982 to 1987, a series of strategic initiatives unfolded, squarely centered on the revival and fortification of membership engagement. Stepping into the role in 1982, JCI Senator **Pablo A. Tan**, a trader specializing in school and office supplies, assumed leadership from Mutuc. His term witnessed a concentrated effort by the Manila Jaycee Senate board to revitalize its internal dynamics, marking a significant milestone with the publication of its inaugural Manila Jaycee Senate Directory.

Following this brief but impactful tenure, the helm transitioned to insurance magnate **Jose Halili-Co**, who served as the sixth Senate President from 1982 to 1983. President Halili-Co orchestrated a deliberate intensification of fellowship initiatives, instituting regularized general membership meetings to foster camaraderie among the ever-growing Senate constituency, which then comprised over 200 dedicated members.

The year 1984 brought forth a change in leadership as former 1980 JCI Philippines National President **Franklin A. Evaristo** assumed the presidency for the term

1984-1985. A journalist-businessman of distinction, President Evaristo revitalized the Kapihan forum and diligently continued the original activities initiated by his predecessors.

Vicente R. Aylon, an influential figure from the Ayala group, succeeded President Evaristo in 1985-1986. His term was marked by heightened efforts to raise membership awareness of national issues, leading to the restoration of the Political Affairs Committee and the revival of the weekly Socio-Economic Forums.

In 1986-1987, the mantle of leadership transitioned to corporate lawyer **Atty. Romeo D. Laig**, a former Manila Jaycee President. President Laig's tenure was characterized by a steadfast commitment to strengthening the ties among Senate members. He orchestrated numerous fellowship functions and sports tournaments, fostering an environment of camaraderie that further solidified the esprit de corps of the organization.

As JCI Senate Manila approached the 40th Anniversary of the Manila Jaycees in 1988, the 1987-1988 term under the leadership of former bank executive and 1981 Manila Jaycee President **Jose Maria J. Fernandez** was

In 1988-1989, American entrepreneur **Stanley D. Phillips** assumed leadership, expanding the scope of celebration to include all other Jaycee chapters in the Philippines. The following year, 1989, was particularly significant as it marked the 40th anniversary of the Jaycee movement in the country.

The closing years of this transformative era saw building contractor **Fernando F. Vitug II** at the helm as President for 1989-1990. President Vitug ushered in a period of regularized quarterly fellowship activities and streamlined general membership meetings, fostering a sense of awareness and cohesion among the valued Senate constituency. JCI Senate Manila, during this epoch, emerged as a dynamic and impactful organization, navigating the complex landscape of societal change and leadership evolution with resilience and commitment.

THE NINETIES: A DECADE OF DIVERSITY

The transformative decade from 1990 to 2000 witnessed a succession of dynamic leaders at the helm of JCI Senate Manila, each leaving an indelible mark on the organization's history through innovative projects, community engagement, and impactful initiatives.

In 1990-1991, insurance executive **Firmo O. Liwanag** assumed the presidency, ushering in an era of groundbreaking endeavors. The chapter organized a television special, "Joey, Janet, and Joe Mari," featuring

JCI Senator Jose Mari L. Chan alongside singers Janet Basco and Joey Albert, showcasing the chapter's prowess in orchestrating significant financial projects. Simultaneously, JCI Senate Manila launched its first major community project, extending support to the poor victims of the Mount Pinatubo eruption. This period of active engagement and community service earned the chapter its eighth "Most Outstanding Senate Chapter" Award.

Makati administrator **Nicanor V. Santiago Jr.** succeeded Liwanag in 1991-1992, steering the chapter toward enhanced member interaction. Through monthly breakfast meetings, fellowship parties, and sports tournaments, Santiago and his board strengthened the camaraderie among Senate members.

Under the leadership of confectionaries mogul **John C. Kaw** in the term 1992-1993, JCI Senate Manila intensified its commitment to community involvement with the "Challenges, Opportunities, Directions" campaign. Notable among the projects was the sponsorship of the Lea Salonga-starrer, "My Fair Lady," whose proceeds benefited civic groups assisting victims of the Mt. Pinatubo eruption and typhoon victims. The

board's dynamism culminated in a sweeping victory during the Philippine Jaycee Senate awards ceremony in January 1994.

Faustino I. Gutierrez Jr., a prominent figure in the Liquid and Cylinder Air Products industry, assumed the presidency for 1993-1994. Under the theme "Involvement: The Key to Organizational Growth," the leadership orchestrated a grand reunion of Manila Jaycee Senators, establishing an annual tradition. The chapter continued its successful monthly golf tournaments and reinstated monthly breakfast meetings, drawing large crowds and fostering a sense of unity.

Architect **Francis L. Romualdez Jr.** took charge as president in 1994-1995, maintaining the chapter's commitment to monthly golf tournaments and hosting breakfast meetings. The organization played a pivotal role in the election of Past Manila Jaycee Senate President **Fernando F. Vitug II** as National President of the Philippine Jaycee Senate for the year 1995.

The term of **Benigno N. Ricafort** in 1995-1996 promised a year of new activities. However, the sudden focus on economic and international conferences due to

President Ricafort's role in the Asia-Pacific Business Network led to a shift in priorities. After APEC, efforts to rejuvenate the Senate slid into dormancy.

A new set of officers, chosen in a hastily organized session in February 1997, brought fresh energy to the organization under Metropolitan Manila Development Authority (MMDA) General Manager **Robert C. Nacienceno**. Collaborating with MMDA, the Manila Jaycee Senate initiated community development projects such as "EcoCamp" and "Disabled Citizen's Week."

The term of insurance executive **Jimmy C. Alabanza**,

starting in June 1998, focused on making the Senate organization more relevant. A notable initiative was the revival of the "Get Out and Vote" campaign project, launched in preparation for the May 11, 1998 elections.

In 1999, former Commissioner of the Philippine Sports Commission and President of the Philippine Sorts Association for the Differently Able (PSC-PHILSPADA) **Michael I. Barredo** assumed leadership. Leveraging his stature in disabled sports, Barredo organized projects like the "Challenged Cup," a golf tournament, and assisted the Land Transportation Franchising Regulatory Board (LTFRB) with "Project D.I." His passion and

assisted the Land Transportation Franchising Regulatory Board (LTFRB) with "Project D.I." His passion and dynamism earned him the distinction of being the first two-term president elected by the Manila Jaycee Senate.

THE 2000s: TRANSITION AND ADAPTABILITY

As the dawn of the new millennium unfolded, lawyer Atty. **Luis B. Pangilinan Jr.**, Vice-President for External Relations of the Fort Bonifacio Development Corporation, assumed the presidency of JCI Senate Manila in the Year 2000. Under the visionary theme "Looking Forward," the chapter forged partnerships with various government institutions, including the Armed Forces of the Philippines, engaging in fund-raising initiatives and projects benefiting the men in uniform.

The leadership baton passed to real estate broker and media communications specialist JCI Senator **Prospero M. Madamba** in 2001-2002. Balancing community projects and social activities, Madamba successfully revitalized the organization, drawing previously-inactive

JCI Senators back into the fold. A standout project was the "Stop Polluting our Air" public awareness campaign, a collaboration with Uni-Air and the Land Transportation Franchising Regulatory Board in 2002. Quarterly fellowships and a four-leg Golf Reunion Tournament added vibrancy to the term.

In 2002, painting contractor JCI Senator **Jose Benedicto L. Santos** took the helm, maintaining the focus on golf-related activities. His two-term administration culminated in the celebration of the organization's Silver Founding Anniversary, marked by a joint fellowship with the Manila Jaycees at the Westin Philippine Plaza Hotel on December 3, 2004. The professional revamping of *We Lead*, the official news organ, reflected a commitment to a more polished image.

Television producer and communications expert JCI Senator **Louis F. Kierulf** succeeded Santos in 2005, overseeing the continuation of annual golf tournaments and quarterly fellowship activities. Notably, the Manila Jaycee Senate became deeply involved in the preparations for the "Once A Jaycee, Always A Jaycee" grand reunion of JCI Senators at the Centennial Hall of the Manila Hotel on September 29, 2006, attracting over 250 JCI Senators, Associate Members, and Regular JCI Members.

The bi-focal administrations of Manila Congressman (and current Philippine Ambassador to India and Nepal) **Ramon S. Bagatsing Jr.** (2007-2009) and stock trader JCI Senator **Bienvenido Maria S. Gonzalez III** (2009-2011) laid the foundation for a younger generation of JCI Senators to assume leadership. Describing themselves as "transition presidents," Bagatsing and Gonzalez focused on fund-raising activities, leading to JCI Manila's successful hosting of the 2011 JCI Asia-Pacific Conference. Their strategic vision paved the way for a dynamic and forward-looking era in the history of JCI Senate Manila.

THE 2010s: LEADERSHIP TRANSITION AND SOCIETAL CONNECTION

The era of the new millennium marked a significant chapter in the history of JCI Senate Manila, witnessing a succession of younger visionary leaders committed to pushing the boundaries of excellence.

Pioneering a new era for the JCI Senate, **Reginald T. Yu**, a dynamic figure in the paint and coatings industry,

assumed the mantle of leadership on January 11, 2011. The vibrant inauguration took place at One Esplanade, Parañaque City, witnessed by an enthusiastic assembly of over 300 distinguished guests. Embracing the theme "Manila S.O.A.R.S. (Support, Organize, Activate, Recruit, Strengthen)," the administration embarked on an ambitious journey to rejuvenate the JCI Senate organization, unveiling an array of unprecedented activities. In a strategic move, the administration increased the annual membership dues to Php3,500 per JCI Senator, aligning with Junior Chamber International's corporate branding policy established in 2004. Moreover, a comprehensive update of legal documents with the Manila City Hall, the Bureau of Internal Revenue, and the Securities and Exchange Commission resulted in the adoption of a new moniker, "JCI Senate Manila, Inc." Reflecting the commitment to effective communication, a regular full-color quarterly newsletter, The Manila Parthenon, was introduced, reaching every JCI Senator's mailbox.

The administration played a pivotal role in orchestrating the 60th JCI Asia-Pacific Conference from May 25 to 29, 2011, hosted by JCI Manila. Additionally, it spearheaded the chairmanship of JCI Senate Philippines' flagship

Fernando Suarez, a golf tournament on December 15, 2011, at the Wack-Wack Golf and Country Club successfully raised funds for constructing a small church on the remote island of Illin, San Jose, Occidental Mindoro. The zenith of achievement for JCI Senate Manila materialized at the 44th JCI Senate National Convention in Panglao, Bohol, on October 22, 2012. The organization clinched prestigious awards, including "The Most Outstanding JCI Senate Chapter of the Philippines," "The Most Outstanding JCI Senate President of the Philippines," and "The Best JCI Senate Publication of the

Philippines." This triumph echoed the glory last witnessed in 1993, a testament to the administration's unwavering dedication and innovative approach.

In the transformative year of 2012, **Eric C. Lee**, an entrepreneur in construction materials and real estate, ushered in a new era marked by a "low-key" approach, prioritizing collaboration with JCI Manila. While maintaining a notable exception with the hosting of the "Promises, Promises" concert, the emphasis was on heightened visibility at regular JCI Manila meetings. Lee's visionary term set the stage for a pivotal shift, positioning JCI Senate Manila to play a more supportive and integral role in joint initiatives with its counterparts.

Entrepreneur extraordinaire **Warren C. Sy** assumed the role of the 35th President of JCI Senate Manila, taking the oath of office on January 13, 2015, at Blue Leaf Filipinas in Tambo, Parañaque. With a commitment to inject vitality into the organization, he unveiled the theme "More Alive@35" as the overarching theme for the year. Kicking off the term with vigor, the first project took the form of a New Year's Fellowship at the World Music Room in Promenade, Greenhills, San Juan City, held on January 8, 2015. As part of their fundraising endeavors, the administration introduced two notable initiatives. The first was an exclusive limited edition: the Blancpain Fifty Fathom-inspired Seika 42mm Automatic

JCI Manila Senate Commemorative Watch, with only 50 pieces produced, all of which were swiftly sold out. The second initiative unfolded as the 2015 JCI Manila Senate Golf Tournament at the prestigious Sta. Elena Golf and Country Club Estate on September 21, 2015. The tournament's proceeds were allocated in part to support the JCI Manila Golden Heart Project, a noble cause aiding children affected by cerebral palsy. Concluding the term on an entertaining note, the administration introduced the inaugural JCI Manila Senate Mooncake Festive Dice Game, held at the residence of 2000 JCI Manila President Jelson N. Young in Forbes Park, Makati, on October 1, 2015. This event not only added a lively touch to their calendar but also reflected the administration's dedication to fostering fellowship and camaraderie among its esteemed members.

Phillippe John S. Fetalvero, an esteemed Automobile Dealer, assumed the presidency and was inducted at Green Sun Hotel in Makati on January 26, 2016. Embracing the theme "Connecting Generations" as their battle cry, the new leadership embarked on their inaugural project – a Chinese New Year Dinner and an informal Turnover Ceremony held on February 23, 2016, at the Modern Sichuan Restaurant in Bonifacio Global City, Taguig. The event garnered attendance from over a hundred JCI Senators, setting the tone for a dynamic and inclusive year ahead. Returning to the organization's roots, the leadership prioritized community service, exemplified by the "Share a Smile: A Care to Share Dental Outreach Program" conducted on September 21, 2016. Undoubtedly, one of the administration's significant undertakings was the JCI Manila Senate Golf Tournament at the Sta. Elena Golf and Country Club on September 26, 2016. The tournament's proceeds were dedicated to the "Share a Smile Dental Outreach Program," providing crucial support to 300 families associated with the Sta. Elena Golf Club. Additionally, funds were directed to the Scholarship Fund of the Don Bosco Technical Vocational Education and Training

Center, showcasing the administration's commitment to both community welfare and education.

On January 20, 2017, Senior bank executive **Gerard Majella T. Dee** assumed the role of President, bringing forth the theme "Bridging Generations." Throughout his tenure, the JCI Senate Manila Board actively supported the hosting of the JCI ASPAC Senate Golf at the Alabang Golf and Country Club on March 12, 2017. Undoubtedly, the highlight of the year was the extensive undertaking of the 2017 JCI Manila Senate Golf Tournament, a pivotal event held on September 18, 2017, at the prestigious Sta. Elena Golf and Country Club. The administration concluded its term with a grand culmination, presenting a memorable "Roman Banquet" theme for their Senate Manila Reunion on November 28, 2017, at the One Shang, Ortigas Center. The event drew the participation of almost a hundred esteemed JCI Senators, solidifying a sense of camaraderie and shared commitment within the organization.

This event saw the enthusiastic participation of nearly a hundred esteemed JCI Senators, reinforcing the bonds of fellowship within the

organization. In continued celebration and camaraderie, the Board orchestrated a festive Mid-Autumn Festival Dice Game, held on September 22 at the Corinthian Gardens Clubhouse. These noteworthy events included the engaging "Evening with JCI Manila Senators and JCI Members" held on April 11 at the Rizal Park Hotel and "The Homecoming with Former Foreign Affairs Secretary Albert del Rosario" on July 30 at the prestigious Raffles Hotel Makati. Additionally, the administration initiated the "Art eMerge" fundraising project, a collaborative

effort with emerging artists, showcasing their works to be acquired by members of both JCI Manila and JCI Senate Manila. In a testament to its commitment to community initiatives, the organization threw its support behind the flagship projects of JCI Senate Philippines, including Project W.A.T.C.H. and the "Kasambahay, Kasambuhay" Awards. The term concluded with a memorable Senator's Fellowship Night at the Corinthian Gardens Clubhouse on September 20, followed by a grand reunion of JCI Senators on December 5, 2019, hosted at the Social Hall of

Embracing the theme "Timeless Brotherhood," the innovative board's commitment to elevating the Senate organization reached unprecedented heights, undeterred by the challenges posed by the Covid-19 pandemic. They spearheaded a series of themed online General Membership Meetings broadcasted via Facebook Live. This engaging series commenced with "Surviving the Frontlines" featuring Dr. Rody G. Sy, M.D. on May 21,

followed by "Online Learning Series 2020" with real estate expert Justin dela Cruz, and Bureau of Customs Legal expert Atty. Joseph Samuel Zapata on July 18. The sequence continued with "Peace of Mind" by Dr. Julian R. Montano on September 3, "The Road Less Traveled" by James Deakin on September 7, and "Masters of Disaster" by Dr. Ted T. In lieu of traditional in-person fellowships, the board organized a captivating celebration of the Mid-Autumn Festival, titled "Dice is Nice" conducted via Zoom on October 17, 2020. Responding to the needs of front-liners and those affected by Typhoon "Ulysses," JCI Senate Manila initiated "Oplan Damayan." The organization meticulously prepared food packs distributed to select hospitals, and they generously turned over 630 Care Packages to the severely impacted towns of Catanduanes Province. This display of resilience and commitment showcased the unwavering dedication of JCI Senate Manila to community service and support during challenging times.

January 29, 2022 saw seasoned industrial sales executive **Harry L. Cheng** assuming the Senate Presidency. Despite his mother's sudden passing in December 2021, right before he was to begin his term, he soldiered on valiantly; and committed to bring the organization into the "new normal," with most of its projects centered on returning to physically-attended events.

Running under the theme "Brothers in Arms," among his key activities included "Oplan Damayan: Karding" on September 29, 2022, where JCI Senate Manila was the first JCI chapter to mobilize aid for the victims of Typhoon Karding in Barangay Pulong Bayabas, in the Municipality of San Rafael, Bulacan, with the assistance of Provincial Board Member Romeo V. Castro Jr. representing the Third District of Bulacan; the holding of bloodletting projects with the International Council for Small Businesses; the "Buy-ANI-Han" Urban Farming Project, in partnership with the Philippine Air Force, which was launched in Barangay 412 in Sampaloc, Manila on November 12, 2022; the "Kaway-Kawayan Para sa Kalikasan at Kabuhayan" in partnership with the

Finally, JCI Senate Manila assisted the leadership of JCI Manila with various projects leading to the latter's 75th anniversary, which was celebrated last December 1, 2022 at the Manila Hotel.

As it poised itself to confront the persistent challenges of the "new normal" under the leadership of incoming President, marketing expert and telecoms entrepreneur **Jasper Lao Golangco**, JCI Senate Manila continued to stand as a crucible of transformational leadership. Comprising distinguished leaders who consistently elevate the standards of leadership excellence in their respective fields, the organization navigated through changing dynamics with a firm commitment to preserving chapter traditions under the theme "Restoring Traditions." Recognizing the significance of bridging generational gaps, deliberate efforts were made to ensure the essence of its legacy remained intact. The lasting impact of these endeavors is destined to be etched in the annals of history, a testament to their unwavering dedication to the rich heritage of JCI Senate Manila. The year commenced with a heartwarming day out for terminally ill children, a collaborative effort with the Filipino alumni of the University of Southern California (Los Angeles) led by alumnus Past JCI Manila President Louie Basilio, exemplifying their commitment to bringing joy to those facing adversity.

JCI Senate Manila orchestrated a successful virtual event titled "Fatherhood Made Easy," adapting seamlessly to

the challenges of the virtual landscape while providing valuable insights and fostering camaraderie among members. The organization took the lead in revitalizing the Business Round Table concept, serving as a dynamic platform for discussions, idea exchange, and networking among esteemed members. This reinstated concept reflects their dedication to cultivating a community of forward-thinking leaders. A modest yet triumphant Dice Game injected excitement into the organization's calendar of events, offering entertainment while contributing to the camaraderie that defines their close-knit community. JCI Senate Manila, demonstrating unwavering commitment, conducted three legs for Oplan Damayan, with the last leg dedicated to Lapu Lapu City, extending a helping hand to a community ravaged by a devastating fire—an embodiment of their commitment to being a beacon of support in times of crisis. The organization showcased its dedication to philanthropy with a highly successful golf tournament that raised four hundred thousand pesos for the pediatric cancer ward of the Philippine General Hospital, underscoring their commitment to making a positive impact on the lives of those in need. JCI Senate Manila ensured the continuation of support for the JCI 75th anniversary Billion Bamboo Project, reflecting their dedication to environmental sustainability and global initiatives that transcend borders. Last of the term's line up of activities was a well-attended Christmas Reunion Fellowship held at the Manila Polo Club last November 28, 2023. Finally, the administration concluded its term by welcoming 14 new JCI Senators. The induction ceremony celebrated the dedication and service of these individuals, enriching the organization with fresh perspectives and renewed enthusiasm.

EPILOGUE: A SYMPHONY OF ENDURANCE

As JCI Senate Manila approaches its momentous 45th anniversary celebration, marked by the theme "Unlocking Possibilities" and under the adept leadership of **Kerby G. Chua**, a seasoned serial entrepreneur with expertise in land development, construction, organics, and food, the organization's commitment to fostering fellowship among JCI Senators remains at the forefront. However, it is imperative that amidst its celebration, JCI Senate Manila remains steadfast in fulfilling its pivotal role of advancing the Junior Chamber program. This includes providing unwavering assistance and support to its counterparts in JCI MANILA, thereby upholding its esteemed position as the paramount JCI organization in the Philippines. The organization's enduring impact lies in its dedication to empowering young individuals, equipping them with leadership skills, and catalyzing positive change within their communities.

The journey of JCI Senate Manila transcends the bounds of a conventional social club; it has evolved into a robust organization that has earned prestigious accolades, including the recognition as the "Most Outstanding Senate Chapter of the Philippines" and successive titles for its presidents as the "Most Outstanding Senate Chapter President of the Philippines."

This indomitable spirit of resilience and achievement resonates not only within the confines of JCI Senate ranks but reverberates throughout the entire JCI community. As JCI Senate Manila charts its course through the uncharted waters of the 21st century, where challenges and demands loom larger than ever, it is this spirit that should serve as the guiding force, propelling the organization to new heights of excellence and impact. 🌐

The 2023 Completion Report

QUE FINAL

by Golangco, Jasper Lao, Senator 74788, 2023 President, JCI Senate Manila

after three consecutive years serving on the board of JCI Senate Manila as its Secretary General, and endless cajoling from many JCI brothers whom I respected, loved, and admired, I finally bit the bullet and accepted the challenge of being the president of JCI Senate Manila for 2023.

But as 2022 was winding down, our brothers in the regular chapter went through one of the most hotly contested elections in recent memory. And while we all witnessed how the ever-growing chapter was evolving with the times, the elections also showed us that some of our most cherished practices, customs, and conventions needed to be reinforced. Thus, leading to the 2023 slogan of “Restoring Traditions.”

The JCI Senate has always been a somewhat interesting study in contrasts. With some regarding it as merely a collective of retirees looking for opportunities to get together, while some see it as a second wind of sorts in terms of their JCI careers. My simple thought was: why not be both? After all, at the tail-end of three activity-filled senate years, despite two and half years of the recent pandemic and its subsequent fallout, there was momentum like never before.

Thankfully, many past presidents both from the regular chapter, as well as the senate approached us suggesting projects, or offering to chair or support projects that we had not even conceived yet. Thus, though I personally believe the momentum was not made the most of, it was definitely not wasted.

As tradition dictated, the four annual senate flagship projects were held. Namely, the Induction, the Senate Golf Tournament, the Dice Game, and the Christmas Reunion Fellowship. In addition, we were able to mobilize three legs of Oplan Damayan, along with a handful of other projects, including the revival of Incoming Senate President Kerby’s Chua’s brainchild, the Business Round Table.

Our first gathering as a board pre-induction at Francesco’s Italian Restaurant in San Juan

Discussion plans and projects while directing the shoot at the historic Presidential Suite of the Manila Hotel

Now, as we wrap up the 2023 term, I must confess that not all plans and projects materialized. Nonetheless, I believe it was still a good year for JCI Senate Manila. And I had the pleasure and privilege of carrying our chapter's flag with fourteen fine gentlemen beside me. Remarkable individuals who made me feel like a wannabe Batman pretending to lead fourteen Supermen, because in my eyes that was what they all were. They were also brothers who shared the vision of restoring our chapter's traditions, while strengthening the bonds among ourselves within the board, as well as among the rest of our beloved senate chapter. I would also like to take this opportunity to thank all the amazing chairmen and committee members who helped put together this year's projects. Because of you all, I will

forever look back at 2023 with overwhelming gratitude.

It is now time for me to pass the torch to Incoming President Kerby Chua, whose presidency has not only been long expected, but is probably over a decade overdue. With SKC (or now PKC) on the saddle, I know you all share my excitement at what he and his 2024 Board of Directors have in store for our chapter.

To my esteemed brothers here in JCI Senate Manila, it has been my utmost honor serving you. Thank you all very much.

This is Jasper Lao Golangco, JCI Senator No. 74788, 2023 President of JCI Senate Manila, signing off.

Your 2023 Board of Directors of JCI Senate Manila. Take a bow, gentlemen!
